

Ortronics
M4 1x8 Pol Splitter - SC/APC Connectors - 1m Pigtailed
Part No. M4S1108SA091M

The Legrand POL splitters are point to multipoint cassettes designed to split SC connectors over a Passive Optical LAN (POL) that provides the capability to securely deliver voice, data and IP/broadband video. A POL is an alternative to a traditional Ethernet LAN and is widely accepted as an ideal replacement of old copper networks. A POL allows you to optimize your resources with a simple, space saving installation and provides benefits such as cost reductions, greater efficiencies, scalability and a clear upgrade path.

Features & Benefits

Energy Efficiency: A POL uses unpowered optical components

Cost Reduction: A POL requires less power, cooling, and maintenance

Versatile Installation: Splitter cassette loads into front of enclosure tray drawer face or mounting bracket

Future Proof Infrastructure: Scalable and has a clear upgrade path

Specifications

General Info

Product Line	Ortronics	UPC Number	662875924449
Country Of Origin	Taiwan, Province Of China	Application Sector	Commercial
Standard	TIA-568-C.3	Type	Cassette

Dimensions

Product Width US	4.24 in	Product Height US	1.23 in
Product Length US	1.0 m		

Additional Information

RoHS Conformant	Yes
